

MODEL 590R

RACKMOUNT COMPUTER SYSTEM

SYSTEM

The IED 590R Rackmount Computer System is an industrial grade computer system designed to mount in a 19" electronics rack with an IED 500 Series Audio Control System. Included in the system are:

- 590RU – Rackmount Computer Chassis
- 590KDS – 17" LCD Monitor, Keyboard, and Touchpad combination.

COMPUTER

The 590RU is the industrial grade rack mount computer chassis which contains the computer electronics. The standard configuration of electronics either meets or exceeds the following:

- Intel Pentium® 4 1.6 GHz microprocessor
- Windows XP Professional Operating System
- 40 x 12 x 48 CDRW
- 256 MB RAM
- 40 GB Hard drive
- 56K modem
- 32 MB AGP Video Card
- 10/100 LAN Ethernet card
- 4U ATX Rackmount Case

The 590KDS provides an efficient rackmount sliding drawer unit which contains the keyboard, LCD display, and touchpad in one integrated unit. This unit occupies one unit of rack space.

Each 590R Rackmount Computer System is configured for the application and can be adjusted accordingly.
